

Pininfarina Extra and Tecnoalarm at the Intel 2002 Trade Fair

On November 22, at the INTEL 2002 - Security Trade Fair, Tecnoalarm presented the results of a four year partnership with Pininfarina Extra: a complete range of nine products featuring Pininfarina design which includes an exterior siren, interior siren, two interior sensors, a door sensor, control system, control panel, wireless box and exterior sensor.

The products, which were gradually phased onto the market from the beginning of 2001, have had considerable success in the trade and with consumers, helping to consolidate the image of Tecnoalarm, the leading Italian company in the sector.
