

Award for Pininfarina Extra and Savio at the Batimat in Paris

The "Bernini" anti-panic handle, designed by Pininfarina Extra for Savio, won the second award for the best design in the category "Quincailleries & Accessoires", at the 2003 edition of the Batimat in Paris. The motivation: innovative design on a high-tech product.

The international jury of the contest, announced by the organization among all the companies participating at the fair, examined 66 different products for each of the 8 categories.
