

Matra Automobile Engineering (Pininfarina Group)

Friday, 9 April 2004

Turin – Andrea Pininfarina signed yesterday, in Rabat, an agreement with Morocco Government representatives, at the presence of Prime Minister Driss Jettou, for setting up, in Morocco, an engineering centre which will be controlled by Matra Automobile Engineering company.

The aim of this initiative is consistent with the Pininfarina Group strategy of growing in the automotive engineering sector. It provides the staff training in this sector at Matra Automobile Engineering, according to the detailed terms of the agreement, so that it will be possible to progressively achieve a minimum level of 60 operative people within 2006.
