

## **Primatist-Pininfarina Duo for the limited series of the Plongeur by Paul Picot**

The Plongeur collection by Paul Picot now includes a new chronograph, the offshoot of cooperation with Primatist by Bruno Abbate. This limited series comprises 100 units made of steel with blue dials, also available in the special light blue of the Primatist G70, the yacht designed by Pininfarina.

Characteristics of the Plongeur Primatist by Pininfarina include the automatic movement, chronometer, steel case with unidirectional rotating bezel, screw-down crown and pushbuttons, water resistant up to 300 m, white anti-friction ring, patented blue and white rubber strap with professional clasp (also available with steel bracelet), anti-glare sapphire crystal.
